## Our Place

Nestled in the foothills of Saratoga, the Springs is a natural setting for your next old-fashioned picnic. Established as a sawmill in 1847, the park still retains its original charm and beauty. Listen to the bubbling streams, enjoy the rustic scenery, picnic under historic Long Bridge and dream of old-timers who gathered here over 100 years ago. Each picnic area is divided by natural terrain to give your group a private area for your festivities. Or with a minimum of 800 attendees, the park can be exclusively yours. Only two miles outside of Saratoga Village, the Springs is easy to reach. Once here we guarantee our natural beauty and old-fashioned hospitality will make you feel like you're a million miles away.

## Our Food

Saratoga Springs offers you the highest quality barbecue meal available with **unlimited food and beverages**. For ten years catering manager Mary Barbatti has been serving up mouth-watering meats from steaks, chicken, and ribs, to hamburgers and hotdogs over mesquite charcoal. We also cater to vegetarians. Take your choice of a variety of delicious accompaniments including crisp fresh salads, corn on the cob, and the Giannini's old-family recipe for barbecue beans.

## Our Fun

What's a picnic without fun and games? Let our hostesses take care of you by showing you some old-fashioned Saratoga Springs hospitality with organized games for children and adults, clowns, face painting, balloons, swimming, volleyball, horseshoes, personalized buttons, spin art, bounce house, dunk tank, and door prizes, including a trip to Hawaii!

## Our People
